(318) 267-6342 | 1203 Filhiol Avenue, Monroe, LA, 71203 | nirmalg626@gmail.com | itsnirmal.vercel.app | linkedin.com/in/nirmal-gautam | github.com/itsnirmal

SUMMARY

Diligent junior computer science student with a strong passion for programming. Proficient in Java and skilled in its object-oriented approach to problem-solving. Quick learner, adept at grasping new concepts and practices.

SKILLS

- **Programming Languages:** Java, JavaScript, HTML, CSS, MySQL
- **Frameworks/Tools:** Spring, AWS, JIRA, GIT
- **Concepts:** Data Structures and Algorithms, Object-Oriented Programming, System Design, Agile Methodologies
- **Soft Skills:** Collaborative, Ethical, Analytical

EDUCATION

- Bachelor of Science: Computer Science Aug 2021 – May 2025
 - University of Louisiana at Monroe, Monroe, LA
 - GPA: 3.71

PROFESSIONAL EXPERIENCE

- Information Technology Help Desk Technician Apr 2022 - Jan 2023
University of Louisiana at Monroe, Monroe, LA
 - Communicated with faculty in identifying and resolving 100+ technical issues such as software bugs and configuration challenges.
 - Supervised and mentored a team to increase work efficiency, resulting in a 20% improvement in productivity.
 - Resolved 40% of support tickets during the shifts, ensuring timely issue resolution.

CERTIFICATIONS

- AWS Certified Cloud Practitioner Oct 2023
- JavaScript Algorithms and Data Structures, freeCodeCamp Mar 2023
- Java (Basic), HackerRank Aug 2023

PROJECTS

- **Student Management System**
 - GitHub Repo: github.com/itsnirmal/Student-Management-System
 - Seamless management of student data through listing, addition, update, and deletion features.
 - Led to increased productivity and reduced manual errors.
 - Technologies: Spring Boot, Spring MVC, ThymeLeaf, Spring Data JPA(Hibernate), MySQL
- **Face Detection and Recognition**
 - GitHub Repo: github.com/itsnirmal/Face-Recognition-with-Python-and-OpenCV
 - Implemented Haar cascade algorithm for face detection and recognition.
 - Successfully trained in a high-accuracy model for real-time facial analysis.
 - Technologies: Python, OpenCV
